The presence situation
Is scaring me to death
Some financial fever
Put us to the test

Forget about tomorrow
Living for today
Taking life for granted
Nothing more to pay

You know that everything is gonna be
Alright on the night
Alright on the night
Alright on the night
Alright on the night

Making little fun day
Drinking too much wine
You don't need to ask me
You know I'm doing fine

Working in the city
Taking all my time
Greater expectations
Further down the line

You know that everything is gonna be
Alright on the night
Alright on the night
Alright on the night
Alright on the night

[Interlude]

Let's pull ourselves together
Start our brand new day
If we are forever
To keep the roof away

Thinking about tomorrow
Never mind today
Don't take life for granted

You know we're here to stay

I'll show you everything you wanna see
You know that everything is gonna be
Alright on the night
Alright on the night
Alright on the night
Alright on the night

Alright on the night
Alright on the night
Alright on the night
Alright on the night

Alright on the night
Alright on the night
Alright on the night
Alright on the night
