Aah, aah, aah, aah, generation
Aah, aah, aah, aah, generation

American generation, American generation
Founded on the beat, there's disco in the street
We boogie as we go to funky radio
Finding summer fun
That's rooted in the drum
Let everybody come, aah

American Generation, American generation
Grooving to the bass, it shows on every face
That life's a festival, so try some letting go
The future bears a change
There's music in our veins
We'll never be the same, ooh

(Instrumental Interlude)
