Mmm... come here, boy
Hey, baby

I really love you (love you)
More and more each day
And I want to show you (show you)
In each and every way, well

'Cause I'll never be able to set you free
I'm so glad that you came to rescue me
Baby, I am so happy
Ooh, I fell in love with you
No, I'll never be able to set you free
I have fallen in love so helplessly
I am yet so completely, ooh
'Cause I'm addicted to you

Although it has gone crazy (crazy)
I'm somehow lost all control, uh-huh
Persuade that I'm feeling (feeling, baby)
Bones deep creep down in my soul, ahh...

'Cause I'll never be able to set you free
I'm so glad that you came to rescue me
Baby, I am so happy
Ooh, I fell in love with you
No, I'll never be able to set you free
I have fallen in love so helplessly
I am yet so completely
'Cause I'm addicted to you

I'm so happy, happy, baby
'Cause I feel so good inside, yeah
I'm so happy, happy, baby
Boy, you're sure satisfied, hey, baby
I'm so happy, happy, baby
I, I won't be denied, oh no
I'm so happy, happy, baby
You made me feel so alive, hey

Mmmm, come here, boy (you rescue me)
Never let you go (Never set you free)

Now that I found you
Said I'll never let you go (never set you free)
Come here, boy (you rescue me)
I said I'll never let you go now
'Cause now that I found you (you rescue me)
Baby, I am so happy, ooh
I fell in love with you

One moment of passion (passion)
I'll never be the same, no
Common satisfaction (baby)
Mmm, I'm feeling hard to explain
Yes

'Cause I'll never be able to set you free
I'm so glad that you came to rescue me
Baby, I am so happy
Ooh, I fell in love with you, you, baby
No, I'll never be able to set you free
I have fallen in love, ohh, so helplessly
I am yet so completely, ooh
'Cause I'm addicted to you, you, baby, no, never, never
(Never be able to set you free)
Your love, baby, ohh
(Glad that you came to rescue me)
Now that I found you
I said I'll never let you go now
Come here, boy
Well, I said I'll never let you go, no
'Cause now that I found you
