When you snap your fingers you've created a beat  
When you find it hard not to get on your feet  
Rhythm for the sounds that you hear after dark  
Even music for the birds that sing in the park  
Something for the way that your love makes you feel  
Rhythm for the things in your life that are real

That's music, life is music  
Life is music, life is music

Music for the sound of the summer  
Music for the beat of the drummer  
Music every stop of the way  
That's music. Music for a movie  
Or when you're feeling groovy  
Music's there to help to start the day  
Sweet music. Music for the worst of the sinners  
Music for the best of the winners  
Music when it's time to kneel down and pray  
Hey

Life is music (6x)

Universal language that we all understand  
Music is the bridge to your fellow man  
Music is the cure for the ills of the world  
Music is the when boy meets girl  
Music's what you hear when the chilly winds blow  
Smiling at someone that you don't even know

That's music, life is music

Music for the jingle of money  
Music for the sweet taste of honey  
Music for the stars up above  
That's music

Music for the season or for any reason  
Music when you want to fall in love  
Sweet music  
Music for the rhythm of lovers  
Music when we care for each other

Music is the sound when a baby cries hey  
Life is music, life is music
