The sun will shine today (sun will shine today)  
The clouds will roll away (clouds will roll away)  
Days will turn to years  
And time will hide the tears  
You'll never be alone  
Just pick up the phone  
Call and I'll be there  
There's a love that we can share

But it's not as bad as it seems (really not as bad as it seems)  
Won't you open your eyes and see  
What you want is what I can be  
I can be  
But it's not as bad as it seems (really not as bad as it seems)  
Won't you open your eyes and see  
What you want is what I can be  
I can be

Life is full of change (life is full of change)  
And there's no one you can blame (no one you can blame)  
Let me ease your mind  
Let me love you one step at a time  
My love is here for you  
To make you feel brand new  
I've waited for the chance  
I've waited just to hold your hand

But it's not as bad as it seems (really not as bad as it seems)  
Won't you open your eyes and see  
What you want is what I can be  
I can be

[Guitar solo]

Life is full of change (change, change, change, change)  
And there's no one, no one you can blame  
Let me ease your mind (ease your mi-ind)

Let me love you one step at a time  
But I love you, I really love you  
I love you, I love you, I love you, I love you  
I love you----

But it's not as bad as it seems (really not as bad as it  
seems)

Won't you open your eyes and see

What you want is what I can be

I can be

But it's not as bad as it seems (really not as bad as it  
seems)

Won't you you open your eyes and see

What you want is what I can be

I can be
