Who ever told you
That you would take my love away?
But your desire met my fire
Now I know I'm here to stay

Like a stranger
I had to keep your love from me
I've got the love
That you said you need

Oh, be my one and only
Keep me in my glory
Day by day
Oh, be my one and only
I will be there always
Day by day

I will climb the highest mountain
And I would swim on the river deep
When I feel your eyes on me,
My heart just can't stay with the beat

Ooh, my body
It starts to tremble from the heat
We got the love
What more did we need?

Oh, be my one and only
Keep me in my glory
Day by day
Oh, be my one and only
I will be there always
Day by day

[Interlude]

Ooh, my body
It starts to tremble from the heat
You've got the love
What more could we need?

Oh, be my one and only

Keep me in my glory
Day by day
Oh, be my one and only
I will be there always
Day by day
(Repeat 'til fade)
