Ahhhhhhhhhhhhhhhhhhhh
Ahhhhhhhhhhhhhhhhhhhh

Put your feet to the beat
Just put your feet to the beat
Put your feet to the beat
Just put your feet to the beat

Come as you are, right now
Just come with us and disco all night
We know a place nearby
Let it move your body and party, party
The beat you hear
It will make you move when it hits your ear
Come as you are, right now
Let it move your body, just party, party, party
Yeah

Put your feet to the beat, put your feet to the beat
Put your feet to the beat, get up out of your seat
Put your feet to the beat, come on feel the dance heat

It's the beat that makes you move
It's the beat that makes you party
Yeah
Everybody here can dance
So why don't you get out your seat and boogie---

Put your feet to the beat, and get on the floor
Put your feet to the beat, your body's crying for more
Put your feet to the beat, and let yourself go
Put your feet to the beat 'cause it's disco, you know

Come as you are, right now (Right now)
Just come with us and disco all night (Mmm)
We know a place nearby (Nearby)
Let it move your body and party, party
The beat you hear (You hear)
It will make you move when it hits your ear (Mmm)
Come as you are, right now (Right now)
Let move your body, just party, party, party

Yeah

Put your feet to the beat
Put your feet to the beat
Put your feet to the beat

It's the beat that makes you move
It's the beat that makes you party
Yeah
Everybody here can dance
So why don't you get out your seat and boogie---
