It's the best disco in town, number one in disco sound
It's the place where hip people meet, hey, hey
It's the best disco in town, bump and boogie all around
It's no place to sit in your seat, hey, hey

DJ's are the best there, you'll never get a rest there, you
may meet the right girl or guy.
When they play the right groove your body makes the
next move,
get up on the floor and get down to see that the music
can take you high.

It's the best disco in town, funky music pound for
pound.
Join the crowd, come on dance and sing, hey, hey.
It's the best disco in town, people come from miles
around.
It's the place to do your own thing, hey, hey

People dress the best there, the music is the best there.
They're the very best sounds, so high class, if you
make a request the DJ will do his best,
to lay down your favorite song so you or baby hold on
the past

The hit sound of Motown , the hit sound of Motown,
I'll be there 'cause we love music, I love music, any kind
of music, bad love was good love.
The now sounds of Musique, the only way we party is
when you got.
You got me where you want me, you've got me where
you want me.

Ooh, that's my baby, I love to love you, baby,
I love to love you, baby, ooh, that's the way I like it.

Bop me, baby, bop me, baby, they call me lady bop,
lady bop, it's alright, ah.

Here comes the express, the express.
Volez vous coucher avec moi, volez vous coucher avec
moi.

Any time you want me, love, romantic world,
I won't let you down, give all my love.
