Nefertiti, Amarna Queen
The beautiful lady of Akhenaten
Nefertiti, Amarna Queen
The beautiful lady of Akhenaten

Ahh, let it fill everyone
Come and rush to the sun
Let the rays fill the top
Ooh, this passion is waiting for you
Don't deny it's Aten's love

Let the force of the heat
Fill the edge of the room
All is ready for you
When every mornin' you rise
Let the sun warm, do it or die,
Yeah, yeah

Nefertiti, Amarna Queen
The beautiful lady of Akhenaten
Nefertiti, Amarna Queen
The beautiful lady of Akhenaten
