We had a one-sided love affair
You gave me love I didn't try
All that I gave was a broken heart
I start it off with lies
I thought that I was missing something
Ooh, I didn't wanna settle down
I took the love that you gave to me
And let it into the ground

This love's on me
This love's on me, oh, oh
This love's on me
You gave it all the last time

You never wanted to play my game
You went along just for me (do it for me, baby)
I'm 'bout to show you that it's not the same
I'll treat you right, wait and see
I'm gonna change my selfish ways
And bring you back into my arms (you gave me loving)
I'll give you loving that you're waiting for
You're gonna see my many charms

This love's on me
This love's on me, oh
This love's on me
This love's on me
This love's on me (this love's on me)
This love's on me (oh)
This love's on me (this love's on me)
You gave it all the last time

[Interlude]

[Saxophone solo]

Do it for me, baby

I thought that I was missing something
Ooh, I didn't wanna settle down (you gave me loving)
I'll give you love (baby) that you've been waiting for
You're gonna be my man this time

This love's on me
This love's on me
This love's on me
This love's on me
This love's on me (this love's on me)
This love's on me
This love's on me (you gave it all)
You gave it all, oh...

This love's on me (oh, this love's on me, yeah)
This love's on me
This love's on me (this love's on me)
This love's on me
This love's on me (I'll treat you right)
This love's on me
This love's on me...
