So you came back to where the whole thing started
And you walked around the neighborhood
Maybe seen some old familiar faces
And wish that you could stay for good

There's a big oak tree down at the corner
Where we used to talk the whole night long
Making lots of plans about your golden future
Until your mama can call you home

Take a little walk with me
When you're feeling down
Have a little talk with me
I'll always be around

And if everything don't work out
And your plans has never come true
Walk with me

If a person really loves somebody
And the other doesn't know it's true
Does it picture her like a faithful puppy?
Is that the way I'm seem to you?

Take a little walk with me
When you're feeling down
Have a little talk with me
I'll always be around

And when your nights gets cold and lonely
I'll be waiting here for you
Oh, oh-ooo

[Interlude]

Take a little walk with me
When you're feeling down
Have a little talk with me
I'll always be around

And if everything don't work out (oo-oo-ooo)
And your plans has never come true

Take a little walk with me
When you're feeling down
Have a little talk with me
Br around
I'll always be around

Take a little walk with me
When you're feeling down
Have a little talk with me
I'll always be around
