You've got me dancin'  
Got me dancin' like I've never done before  
You've got me prancin', yeah  
Got me prancin' right across the floor

I'll take my chances  
Gonna dance 'til I just can't dance anymore  
And I'll be steppin'  
'Til the music man walks out the door

The music really feels so good to me  
Feels so good  
Takes me where I really wanna be  
Ahh...  
Workin' every day from nine to five  
It's Friday night, it's time to exercise

The music grooves me  
It just takes me where I really want to be  
The music soothes me, yea...  
Sounds so pleasin' to my ear

The music grooves me  
From my head right down to my toes  
The music soothes me  
And it keeps me comin' back for more

The music really feels so good to me  
Feels so good, feels so good  
Takes me where I really wanna be  
Hey  
Workin' every day from nine to five  
Nine to five, nine to five  
It's Friday night, it's time to exercise  
Hey!

[Interlude]

Music moves me  
Really grooves me  
All night, alright  
All night, all night

I just close my eyes  
And just fantasize  
Let the rhythm get into me  
And be what I wanna be  
Just throwin' all my cares  
And let the music just takes me there  
Just screamin' some pure delight  
Just give myself a try

The music really feels so good to me  
Feels so good, yeah  
Takes me where I really wanna be  
I wanna be, I wanna be with you  
Workin' every day from nine to five  
Nine to five, whoa, oh  
It's Friday night, it's time to exercise  
Hey, hey, hey

Music grooves me, alright  
You've got me dancin', oh yeah, yeah, yeah  
Uh-huh

You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
You've got me dancin', dancin'  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
D-d-d-d-d-d-d-d-d-dancin'  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
You've got me dancin'  
My heart go pitter-patter, it doesn't even really matter  
You've got me dancin' (you've got me dancin')  
You've got me dancin'  
D-d-d-d-d-d-d-d-d-dancin', hey  
You've got me dancin' (you've got me dancin')  
Hey, hey, hey  
You've got me dancin' (you've got me dancin')  
You've got me dancin'  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')  
You've got me dancin' (you've got me dancin')
