Every red blooded All American boy
Wants to make it with you, wants to make the scene,
yeah
Every red blooded All American boy
Wants to make it with the girl on the cheerleading team

Shake your pom-poms here and there
Shake your pom-poms in the air
Shake your pom-poms everywhere
I love you Cheerleader

Acrobatic, Aerobesque
Baby, you're the very best
Jumping in your little dress
You really turn me on

(Pre-Chorus)
You know I love you, Yes it's true
I love nobody else but you
I'd really love to hold you near
I really love the way you

(Chorus)
Cheer, Cheer, Cheering the team
Hey, now, now
Do you know know know what I mean?
You're the All-American Girl
Living the All-American Dream

So healthy and so pretty
From jumping in the sun
You're Miss Congeniality,
Loved by everyone
>
Showing off your fine looks
Just before the game
When you're making love
I'll bet you cheer the player's name
(Repeat Pre-Chorus)
(Repeat Chorus)

Cheer On, Cheer On baby, All-American

Cheer On, Cheer On baby, All-American
Cheer On, Cheer On baby, All-American
Cheer On, Cheer On baby, All-American

Oh, let me, let me love you and I'll really, really try
If your cheer is just for me, you know that I will surely
die
You're so drop-dead gorgeous, and you really ought to
know
I never watch the game, 'cause you always steal the
show

(Repeat Chorus)

Cheer, Cheer, Cheering the team
Hey now, now
Do you know, know, know what I mean?
You're the All-American Girl
Living the All-American, All-American

Cheer, Cheer, Cheering the team
Hey now, now
Do you know, know, know what I mean?
You're the All-American Girl
Living the All-American Dream

Cheer On, Cheer On baby, All-American
Cheer On, Cheer On baby, All-American
Cheer On, Cheer On baby, All-American
Cheer On, Cheer On baby, All-American Dream
