"Big Black Secret"

Visit "[Big Black Secret](#)" on MotoLyrics.com

Big black secret keeps horses
Keeps the horses from the field
Keeps the horses skinny

Big black secret keeps flowers
Keeps the flowers from the field
Keeps the meadow frozen

I felt the strain, the pain I felt it I felt
The reins of your big black secret

Big black secret keeps horses
Keeps the horses from the field
Keeps the horses skinny

Big black secret keeps the children
Keeps it's children from the field
Keeps the meadows frozen

I felt the cold, the pain I felt it I felt
The chill of your big black secret

I call upon majestic Sun a prayer to
The eastern shield: bring the warmth
To earth congealed bring the horses
To the field
