No man's an island, seeing All Our Relations
No man's an island, hear the blood in our veins

Wake to the calling: see our nurturing Mother Power
she gives us, hear the blood in our veins

All Our Relations say Overthrow King Autonomy say:
welcome Dependence Day

No man's an island, seeing All Our Relations No man's
an island, hear the blood in our veins

Mutual experience how it's all in the meeting Mutually
achieving what this world's all about

All Our Relations say Overthrow King Autonomy say:
welcome Dependence Day
