Come ancient children and play
Take me to the Power Place
Take me where allies around
Take me to where I am bound

Come looming Great Ancient
Face Guide me and show me
Your ways Nature's miraculous
Grace Take me to my Power Place

Come ancient children and play
Take me to the Power Place
Take me where allies around
Take me to where I am bound

Show me the places I need
Guide me to Wholeness
Achieved Nature's miraculous
Ways Show me to my Power Place

Come ancient children and play
Take us to our Power Place
