

## Ritual Carnage "Attack"

Visit "[Attack](#)" on MotoLyrics.com

I summon the legions, to open the gates  
Unchain the master from the abyss  
Seeking our vengeance, destroying the earth  
Total destruction, the kingdom of christ

Rise up mighty father of light  
At darkness we attack  
Behold the beast, hail to the hordes  
The legions of doom and destruction below  
For he is the father, the children of hate  
For we are the terror, yes we are teh feared

For they are the weak, yes the cursed shall be damned  
The rodents of christ they shall perish in flames  
Pelt them with fire and bath them in blood  
At armageddon the christians will burn
