A million horrors scream abhorrent, from their shallow  
graves  
Blood frenzied warriors, human slaughter, the weaker  
foe erased  
Imperial oppression, colonial possession, fuels the  
fire  
Divinity's decadence, their world in chaos, divine  
empire  
Bitter sweet victory, no regard for humanity, forgotten  
history, under a shroud of secrecy  
The war machine screams at full throttle, awakening  
the  
damned  
Steel forget for mass consumption, churning out the  
dead  
The wings of death fly over head, the dragon strikes  
below  
Gleaming swords rip through the wind, Emperor's  
soldiers of the throne

Brokered conspiracy to cover up the past, fragile  
history littered with broken glass  
Expose the truth, don't hide behind lies, time doesn't  
heal those hideous crimes

Experimental human testing, Unit 731  
Pathogens, bacteria, germs, bodies soon succumb  
Limbs are frozen, bones are shattered, the smell of  
dburning flesh  
Reprehensive laboratory, butchers of innocence  
Tojo's will, once blessed to conquer, doomed and  
cursed  
to fail  
Arsenal of divine power, steel showers and lethal hail  
Violated, coerced to fight, senseless sacrifice  
Souls are buried, stones left unturned, purgatory's  
cries  
Bitter sweet end, displaced souls will never amends,  
forgotten crimes, a shroud of secrecy of  
wartime
