

Ritual Carnage "The Unjust"

Slit the throat, of the slanderer, I will smother your soul
Commanding, the hordes of chaos, lay your soul to
waste

Just like a cancer, the brain it invades, destroys, the
source of thought

Eternal battle, of spirit and flesh, indulge, in the 7 sins

False, hope, lies, christ, he, died

Behold the cross, sign of the weak, burn the bible

Rabbi or priest, with my sword, I slay

There is no life, beyond your grave, no, salvation in
sight

Cursed are the lambs, rodents of christ, they, shall fall
like bricks

I trample, the righteous pig, punish, those who preach

I spit upon, the star of the jews, the unjust must die

The unjust must die!
