Apocalypse upon us, the age of fire is here  
The world will burn, it's evil's turn, satanic rule is near  
The omen lord from years that passed has risen from  
his grave  
A thirst for war that never ends, the blood shall spill  
again  
His hunger ever yearning as he searched for his prey  
An appetite without an end, with knife in hand he slays  
The master of the underworld, the darkest angel king  
He'll take your life and steal your life the beast  
immortal king

Lightning and thunder will strike and the hammer shall  
reign  
Son of the damned, child of the wrath  
Lightning and thunder will strike as the slaughter  
begins  
Chalice of blood, flows through his veins

The fire burning in his eyes, with vengeance he awaits  
Lurking in the darkness for another soul to waste  
Preying on deceivers, preying on the lambs of christ  
His fiendish howl church through your bowels, it's time  
for you to die  
Your god he does not listen, so there is so need to pray  
You'll smolder for eternity, to whither and decay  
He stands within the circle as he walks the fiery left  
Devouring, annihilating children of the lamb

The maggots shall awaken, they are crawling from their  
nest  
To feast upon the fallen souls, a banquet of the flesh  
The flames they will consume the liars, choke as they  
await  
They look into the mirror as the beast chooses their  
fate  
You will burn for all eternity, impaled upon a cross  
He'll tear your limbs and gnaw your bones, for his  
ecstasy  
The sinner cries, the sinner dies, there is no god to  
forgive  
Eternal life, eternal death, you will never rise again
