"No One Cares"

Everyone's got problems.
Everyone thinks today will be the day to break them.
There's never time to decide if you're gonna sleep at
night.
If everything will be alright.
Just keep doing what you do to get through.

(chorus)
No one ever has the time to listen to me.
They see right through me.
This is getting hard to face.
No one ever sees me fall.
And no one cares at all.
This will only make you strong.

There's always an excuse.
There's always two sad eyes to feel sorry for.
There's never time to decide if you're gonna sleep
tonight.
If everything will be alright.
It's the truths in life that will hurt in the end.

(chorus)
