Door to door, Selling me your religion
Confronting me like a fucking zombie
Black shirt, white tie, brain washed till you die
Fake dream, false hopes, religion is just one big lie
(HEY, HEY, HEY, HEY)

[Chorus]

Jehovah's Witness knocking on my door
Jehovah's witness gonna save us all
Jehovah's witness knocking on my door
Jehovah's witness aint gonna save shit!

Stay away, run and hide
Religion is conformity

Catholic Christian, knocking on my door
Cahtolic Christian, gonna save us all
Catholic Christian, knocking on my door
Catholic Christian, aint gonna save SHIT!
