"How Can You Feel Alright?"

Visit "[How Can You Feel Alright?](#)" on MotoLyrics.com

When you feel like there's no one to guide you
When you feel so alone
When you feel that I'm somewhere inside you
And there's no one more

I know that I'm in that place where you hide your fears
So, close your eyes and wipe these secret tears

And it's tough (And it screams inside you)
Why does it hurt? (And I won't say goodbye)
I'm not giving up, I don't know how to leave you and
walk away

Can you feel alright? (Can you feel alright?)
Can you feel alright when someone is dying?
Can you feel alright? (Can you feel alright?)
Can you feel alright when someone is trying out?

So you wake up and look all around you
Realize that I'm gone
Would you hold me if I came back to see you
Or you'd leave me on my own?
