"I See With New Eyes"

I descended to your darkest valley
In Your heart I see, reflections of me
I'm in your every moment, where you go,
What you do, when you rest
With love I come

Looking at you, looking at me
I see the world with new eyes
Touching your face the strength of your embrace
I am made whole

I know your ways, hear me when I say
I love you, you are free
To move in all you are created to be
Where you go, what you do, when you rest, when you
run
With love I come

Looking at you, looking at me
I see the world with new eyes
Touching your face the strength of your embrace
I am made whole
