

Rivulets And Violets "In The Starts"

Visit "[In The Starts](#)" on MotoLyrics.com

The touch of your hand on mine
I'm thru the roof in the stars
What a wondrous find
All my troubles far away
Fear resolved
Hope and peace fill this day

And the rain goes away
When I think of you
We chase the clouds away
When I spend my time with you
Love washes over me

Your laugh and your sweet, sweet smile
Make my sky a bright blue
You're a wonder in this world
I have found my heart's home
Far above
The world I used to know
