Verse 1:

Everyday it just seem- like another dream

Tryna crawl out the grave- I got put there dangerously

By my own hand- deadly weapon I am

On the other side of myself- goin' crazy

Just dubbed an Underworld Skullz Angel

Promised by my hard work- change wont jingle

That it's gonna turn to cash- coins turn to ash

Problems get smashed- never happen- gotsta mingle

Wit the lord on this one- keep my mind stable & alive

Not like hash- dead black- keep me for my love ones

Dying on the inside- stretch my wings far

But my span's getting' shorter- as my fans call

Feel like I'm slippin' yet again- dear friend

If ya hear me- pay attention very carefully

This may be the last that you hear when I'm sane

I'm in a bad situation- dying in my brain

Chorus: 2X

My past is back to haunt me- fate is to face it

But it's stronger now- just in case I don't make it

I wanted you to hear just this- final testament

But you ain't pick up ya phone so- here's my message

Verse 2:

This was just supposed to be- revelation G

While Get commodity- but it's punishing my body

Like I said- I got blood eyes, still got style

But "I never"- with "what they hear about me"
reconciled

Yea we "having parties"- and "Midnight Rides"

But I never coped- "did she love me" when she shot me
in the eyes

I'm "lost in this city"- tryna figure "what I want"

As they "whistle back" at this "lyrical armada"

Treat me like a dog- only waiting for the karma

Jesus relieve us- these cats rumbunxious

Badger at my manner- so that they can crack
something'

Just cuz I don't drink- I don't- dis-purse the curse

All the foes at my door- tryna make me spit worse

I'm not like they average- but they don't let me be

All the critics- try to kill it in articles I don't see

Hero round the world- outcast in my home

Can't understand- please man- pick up the phone
Chorus: 2X

My past is back to haunt me- fate is to face it

But it's stronger now- just in case I don't make it

I wanted you to hear just this- final testament

But you ain't pick up ya phone so- here's my message

Verse 3:

I tried to reach ya- 3rd call- I don't where you are

But my will is getting weak- mind's ready to stall

Body ready to fall- answer the call- for no one
Go out in the cold & drift away in the ocean
Never showboatin' I don't flow wit that coastin'
It's emotion- facin' it- I don't think I'm gonna make it
Tryna stay good- but the world make me bitter
Turn all the blood in my veins to elixir
Got angel hair- now I fight like Cain & abel
Spit words & bars- but my saliva's witch hazel
Mind's collapsing' on itself- like convaterbelt
Stalled & the platform falls- like a shelf
Tears are now castor oil- eyes now blacker
In case I don't make it- your machine I left an answer
Chorus: 2X
My past is back to haunt me- fate is to face it
But it's stronger now- just in case I don't make it
I wanted you to hear just this- final testament
But you ain't pick up ya phone so- here's my message
