Chorus:

So sexy Baby- got you on my finger

You know it- controlling' this- isn't up on my agenda

Good things never are easy- especially to please me

So get yo work up & throw it up if I'm right- Donnie'

Verse 1:

Dante ain't the type- to double take

I'm a 1 shot deal- like my liquor straight

I don't chase - let them chase me

Run heel toe- to catch me on a video

Wit a ill flow- slow like malasses

But for the flip- quick how it happens

When I spit- you can't expect- what the boy gonna say
next

Like when I saw you- gots to rest

Cuz my head turn- like the exorcist

Had to stretch my neck- cuz ya body temp

Got me hotter than- sahara sands

That skirt, yo work, your worth- so fine

That shirt, you twirk GONNA MAKE THAT MINE

See that behind- is genuine

Makes me shine- got you on my mind

Chorus: 2x

So sexy Baby- got you on my finger

You know it- controlling' this- isn't up on my agenda

Good things never are easy- especially to please me

So get yo work up & throw it up if I'm right- Donnie'
Verse 2:

I can't lie- you got me twisted

Ain't never talked- but yea I'm o' fix it

Come over here cuz you want this dear

I ain't gonna chase- not Mr. Belvadier

Not my place- to race to you any near
Cupid got arrows- then I got spears

I got my pride- ain't gonna fall

Not like a hoop die, I'm not gonna stall

I see ya winkin' I see ya finger

This is crazy- my feet start to linger

To that body- wineglass dime piece

On the dance floor, sure I creep

Try to fight back- but the girl is Badd

Look like a model & strong like a Jag

Never thought shawty could change me

But she pulled me over- dangerously
Chorus: 2x

So sexy Baby- got you on my finger

You know it- controlling' this- isn't up on my agenda

Good things never are easy- especially to please me

So get yo work up & throw it up if I'm right- Donnie'
Verse 3:

Licked her lips & I licked mine

I walked freely- swallow my pride

Said what it is- then she smiled

Though I'd never come- she was there for a while

Said she was gonna leave- that's a mistake

But the club's up now- lemme make it worth the wait

Before it's late- let's get the last dance

She said let's do it- then grabbed my hand

Chorus: 2x

So sexy Baby- got you on my finger

You know it- controlling' this- isn't up on my agenda

Good things never are easy- especially to please me

So get yo work up & throw it up if I'm right- Donnie'
