Well, it's a feeling so euphoric
Non-stop pleasure slowly creeps from toe to brain.
With my multitude of senses,
Reality has become my only ball and chain.
Well, there's no hippie revelations
Or any cosmic consolations to sustain.
I'm still moving through this fantasy
It's time to place your bets
And gamble with me.
Don't stop!
I'm taking off from here.
Time takes!
Away my petty fears.
Kick-back!
Move in my stratosphere
On a ticket straight to where
Ill fate will perforate and disappear
No inhibitions, gliding straight into our fate
The unknown point.
Well, your destiny is in my hands,
Relax and it's your mind I will anoint.
Please come with me, no turning back
The time you've spent with us for you are here,
'Cause it's a lesson to be learned by those
Who base their actions solely on their fears
Don't stop!
I'm taking off from here
Time takes!
Away my petty fears
Kick-back!
Move in my stratosphere
On a ticket straight to where
Ill fate will perforate and disappear.
Back off!
Unless your on this flight.
No more!
Crude actions out of spite.
Last chance!
To bail out from fright.
Hold tight - you might get air sick at my height.

Countdown Start... 10,9,8,7,6,5,4,3,2,1...Launch.

Well, trailing on a blaze of thriving insight
Straight into the unknown void.
Well, I'm watching my reflection be projected
On a piece of celluloid.
Deep in the alleys of my mind
I find a dark shadow of the paranoid.
But I'll come down to see it's only me
And I hold the master-key.
