Walk into the hall... promoter hasn't called  
We laugh at what they call the house P.A.  
Battered and frayed, we won't sound good today  
Later on we find we don't get paid  
You'd think that it's enough to make any one band quit  
But that's just the least of the shit we'll find  
We still gotta rock never the less  
It's what we do best  
I wonder how many gigs before we Break The Camels  
Back  
Now we've seen almost four years of laughs and flats  
and tears  
Hope I never see the day we Break The Camels Back  
You can see why all the good bands fall apart  
The scene rips a hole in your heart  
Someday there won't be an underground to play  
You sit and watch communication fade away!  
Restore!  
Don't piece together what's already broke.  
Remember that glue never holds.  
The same that goes down for all the shit that goes  
down  
The assholes that bring us all down, shouldn't come  
around.  
But we still keep the faith that love prevails over hate  
Hope I never see the day we Break The Camels Back  
Gotta lotta songs to play before we throw it away  
Hope I never see the day we Break The Camels Back  
You can see why all the good bands fall apart  
The scene rips a hole in your heart  
Someday there won't be an underground to play  
You sit and watch ??communication fade away!??  
Restore!  
Blackball the straws that break all our backs  
Don't feed the fire with attention  
Denied at the door or thrown off the floor...  
For tension we don't need no more!  
Break The Camels Back!  
Break The Camels Back!  
Break The Camels Back!
