Yeah, right, huh, yeah
I get excited when it's time to get, come around
Ride my bike and shoot hoops when the Sun go down
Hop in the ride system up, let it pound
Heading towards the get-together in the other side of town
Love my city, so I might take the scenic route
Cause all the sites in the center town make me smile
Short tank-tops, more skin, different styles
Motorcycle's out, different ways to get around
Pour a tall glass of lemonade at the house
Fold some ribs on the barbecue, and let the brown
Hand-wash the car, watch it shine, feeling proud
Grown-ups with water of guns, the neighborhood's going wild
More people on the block cause he sun is out
More days offered, more families around
I soak it all up, like it's going out of style
Why wait? The good life starts now

Chorus:

All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)

I reach my destination, the family's deep
My cousin Denise that I ain't seen in a couple of weeks
She got promoted on the job again, she got beast
My cousin Mikey about to relocate out East,
Hugs all around, then head back towards the feast
The kind of cooking you can smell way down the street
My dog with smokers, cause I was on vacation last week

Brought potato salad, but they got jobs, and call me
cheap
That drill Sargent on the grill, that's my uncle Pete
Don't even ask about his sauce, or how he prep his
meats
That's the secret that my man's Wprepared to keep
Way dispatch of the action, tell you leave him be
The finals is on, and everybody's at their team
Family and friends, good weather,
I Soak it all up, like it's going out of style
Why wait, the good life starts now

Chorus:

All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)
The good life starts now
All around the good life
(The good life, get it, the good life get it)
The good life starts now
