[Time, time, time, time, time] Time, Time, Time, Time.  
Time to understand the horror!  
Time, Time, Time, Time. Time to understand the  
monster! (monster, monster, monster, monster)

[hey, hey, hey, hey, hey]

[time, time, time, time, time] Time, Time, Time, Time.  
Time to understand the horror!  
Time, Time, Time, Time. Time to understand the  
horror!

[hey, hey, hey, hey, hey, hey, hey, hey]  
I will amuse myself with terror  
(amuse myself with terror) (heh heh)  
From what graves did I come?  
For what evil next was I compounded?  
I have time. all the time I needed to put an end to you.  
You've come to find me to destroy the monster  
(monster, monster, monster {only on left channel})  
I am real.  
[No, No, No] No more.  
No one is safe!

[hey, hey, hey, hey, hey]

[time, time, time, time, time] Time, Time, Time, Time.  
Time to understand the horror!  
Time, Time, Time, Time. Time to understand the  
horror!  
Time, Time, Time, Time. Time to understand the  
horror!  
Time, Time, Time, Time. Time to understand the  
horror!
