If I could man I would shit I aint got to lie
See the difference in us is I aint got to try

And I think I know the reason I got halves(grams) for the

And why because I can and I I an the man
Man I need to get rich and I I got a plan
Need to take it to the top with this rap shit bastard
Got a click to take you out and I don't have to ask em'
Be real they see me and they have to jock it
Got the key to the trap and I had to lock it
Stop it you funny artist they hate my moneys largest
Come up on my yard I will still remain the hardest

Bridge:

I will never never stop man untill I reach the top and
If you wanna stop me then you better get your shot
down
Got this rap locked down I aint gonna stop now
I been runnin my city so it's time to run your block now

Hook:

Got a cup full of drank and a swisha full of green

Got a cup full of drank and a swisha full of green

Verse 2:

We steady banging swanging stunting on them 24's
and up
And now my neck is frozen up I got that throw up in my
cup
About six o's up in my truck so when the cops pass I act
Natural and my weed is unimaginable
Imagine that having that grab my weight and adding
that
Shit... I'll let you have it if u can handle that
Cause bitch I'm grinding with now candle wax
Uhh life hands us lemons and we hand them back
Why because we tryna get are own
If you know you don't got cake then you tryna get a
zone(ounce)
Everybody know the deal and if not now you do
And they keep asking this question like ro-zee how you
do it
I aint gotta prove it they just gotta tune in
Nobody speaks my language but the fans all fluent
Skateboard ro-zee everybody know me
I know you aint got money don't worry your bitch told
me

Bridge:

I will never never stop man untill I reach the top and
If you wanna stop me then you better get your shot
down
Got this rap locked down I aint gonna stop now
I been runnin my city so it's time to run your block now

Hook:

Got a cup full of drank and a swisha full of green

Got a cup full of drank and a swisha full of green
Riding through the ville with me and my team
