Ok now you ever been some where and that one person  
just appear unexpected I mean  
You don't know her but you wanna get to you know that  
one fine ass girl that ya gotta have  
Cause you know good with her you she can make a  
better you

[Hook:]

And I just can't think anything else that I rather do but  
to hear  
You sing sing the way you do oh when we do our thing

[Roach Gigz:]

Come here talk to me (talk to me) ma come here walk  
with me  
See I'm a man not a dog ain't no barkin me  
Ain't no jewelry ma ya boy just assuming  
That you ain't gotta man so ya boy keep pursing ma  
Wats ya name wats ya age wats ya background  
Born in Puerto Rico now you live in Sac-town  
See I'm a city boy you should come and visit me  
Night with me put ya ass out your misery  
Not in a bad way but trust you'll be satisfied  
Rose pedals on the bed surrounded by some candle  
lights  
In a jacuzzi smell your aroma when your next to me  
Dim the lights pop a movie lay in bed with me  
I gott this feeling you and me can make it happen  
It must be gods birth that's why we met in traffic  
I'll be your lover your best friend your other half  
A man that hit you or love you which would you rather  
have

[Hook]

[Roach Gigz:]

Excuse me miss can you talk to your man  
If you don't wanna talk to me girl I'll undefstand  
You probably think I just like the rest of them  
Hit it and quit girl and try to get the best of ya  
But now I'm a real man not a lil boy trust that  
I wanna be a lover and friend and even more than that

I wanna be with ya naw I wanna read with ya  
Baby one day I can share a seat with ya  
I know what you want and I know what you wish  
Trust, love and commitment three things I can give,  
yes  
Giving you anything that you want girl  
Sex by the sunset if that's what you want girl  
I can make you happy hold you when you cry  
Love you and protect you and make any nigga think  
twice  
I'm not saying being with me would be perfect  
Just give me a chance I swear it'll be worth it  
Now sing it

[Hook]
