Lets spend the weekend
just you and me babe.
We'll take no phone calls
no company
Cause tonight is a special ride
and we owe it to each other to talk.
Oohhh about our feelings
and giving love a try.
What an emotoinal night.
Now its time ot face the little things that should in time
be in our lives
and I dont mind letting ya know...

Let it be love
let it be all I imagined it be.
Hoping you found all you wanted in me.
Girl lets make it right
baby let it be love
let it be love
ohhh baby let it be love
let it be love
let it be all I imagined it be
hoping you found all you wanted in me
girl lets make it right baby let it be love
let it be love (love, love, love... let it be love)

Honey I'm trying to make it work but
you keep on saying you've been hurt and it said how to
you expect
to move forward when you live in the past
Ohhh why are you keeping me on the outside?
You do but you dont know why (oh why)
do you wanna fall in love at all
Will you decide if you'll be mine
and I still hold on to the thought
Let it be love
Let it be all I imagined it be
Hoping you found all you wanted in me
Girl lets make it right
Baby let it be love
let it be love
Baby let it be love

Let it be you
let it be me
we'll found our way
you will see (girl you will see)
You're everything (you're everything)
I'm dreaming of (I'm dreaming of)
You're everything (you're everything)
I want in love (I want in love)
And I still hold on to the thought
let it be love
let it be love
let it be all I imagined it be
Hoping you found all you wanted in me
Girl lets make it right
baby let it be love
let it be love
let it be love
let it be love

Girl you know that I just cant live another day without
you
holding you
loving you
kissing you.
Here's what I'm gonna do

Let it be love...
yeah yeah yeah yeah

[chorus]

Let it be love
let it be all I imagined it be
hoping you found all you wanted in me
Girl lets make it right baby let it be love
Let it be love...
