Mmm, ehy, ehy

We've been together
And then through the extreme
You put your trust in me
When all I had was dreams
My world gets hectic
But you still found a way
To balance out the time
My love is here to stay
I never stop lovin you
No no no

Never give up, never give up
Never give up, lovin you
Never give up, never give up
Never give up, lovin you

You treated me like a king
How could I ask for more
Describing the way you loved me
This like you've been here before
Your smile is like a vacation
At peace feeling far away
These words is just a reminder
How long I planned to stay
I never stop lovin you
No no no

Never give up, never give up

Never give up, lovin you
Never give up, never give up
Never give up, lovin you

Never give up, never give up
Never give up, lovin you
Never give up, never give up
Never give up, lovin you

No matter what
I will never give up

Never will I be away from your touch
As long as you're here
I will stand by your side
Never again will you see lonely nights

Never give up, never give up
Never give up, lovin you
Never give up, never give up
Never give up, lovin you

Never again
Cause I cant walk away from your love
And I won't take the chance, never again
Cause I cant walk away from your love
And I won't take the chance lovin you
