Chorus:

You got the time

ta ta tata ta ta times are gettin' ill

Verse One:

Just last week I had a good thing goin

The money was flowin

I had a notion, I made a motion

To get a girl with love and devotion

I went to a disco...ordered a bottle of Cisco

Took a seat, and I looked around

Bobbin' my head to the sound

Of the D.J., OK, this is what I'm tryin' ta say

I heard a scream (AAAAAAH!)

Then a shot rang out (BOOOOOM...BOOOOOM)

That's when I got the hell out

Chorus

Verse Two:

Gettin ill, with the boys

Somebody yelled (KILL THAT NOISE!!!)

I didn't even front

Pulled out the brand new pump shotgun

He pulled first, that's when things got worse

I didn't wanna raaaaahd no hearse

So I pulled the trigger with a burst...of gunfire

He missed, I hit, and that's the end of it

Chorus

Verse Three:

There was this girl named Lisa

I was in love with her

This girl was superiuh

She had a Benz and a Audi

She was fly, but the girl was kinda rowdy

I couldn't understand, her plan

A girl like this didn't have a man

So I pushed up, and made my move

To the bass that was real smooove

I pulled her, and now I'm hangin' out...with huh

She offered me coke

I said no cuz I don't do dope

She got mad, started breakin

Started braggin bout the money she's makin

Off of sellin it, for the hell of it

To me it's not irrelevant

Chorus

Verse Four:

Sittin on a stoop with the rest of the crew

It was nothin' ta do
So we took a walk, through Central Park...it was dark
A car drove up, it was a Mercedes
Filled with a bunch of ladies
The driver was a guy, with a tie, the man was fly
He was a pimp, or a dope pusha
I could tell by the way he mused uh
Girl in her face
She ran, he started to chase her
And beat her down, to the ground
While the other girls just stood around
We didn't like it...we got mad
He looked like he thought he was bad
Hopped in his car, and he drove away
This is what I'm tryin' ta say
I got the time
ta ta tata ta ta times are gettin' ill
