I wanna be an astronaut
I wanna fly a plane
I wanna fly above this earth forget about everything
I wanna drive a small car
I wanna be a real big star
So much life has to offer yet I'm sitting here alone
Is this all there is for me

CHORUS:

Is there a way that I can find
Love and piece of mind
Is there a way that I can know what's going on
If I had the chance I'd like to see
What lies ahead of me
Maybe then I'd find the strength to keep moving on

I wanna give out hope
I wanna make kids smile
I wanna take the love I have and go the extra mile
I don't know how I'll get there
I feel so far away
But I'll give all I've got and take it day by day
Cus I know there's more for me

Is there a chance that I will find
Love and piece of mind
Is there a way that I can know what's going on
If I had the chance I'd like to see
What lies ahead of me
And maybe then I'd find the strength to keep moving
on

It's gonna be a long hard road
ilt's gonna be a long way home

Is there a way that I can find
Love and piece of mind
Is there a way that I can know what's going on
If I had the chance I'd like to see
What lies ahead of me
Maybe then I'd find the strength to keep moving on
