Everybody's got a different story  
Everybody wanna give their selves away  
But I'm still afraid  
We can stay out of their field of vision  
If we can keep ourselves a half a world away  
Ah honey, we'll be okay

The world can be so cruel  
But I will sing for you  
This cradle song all night long

Everybody's got their own opinion  
Everybody's got a place where they belong  
Like a favorite song  
And I don't wanna be a faded memory  
I don't wanna be the ghost that you can't shake  
I wanna be the real thing

The world can be so cruel  
But I will sing for you  
This cradle song all night long

Yeah, all night long  
Yeah, all night long

No one said we were victims, honey  
No one said we had to keep the things we get  
There ain't no regrets  
And all our friends, they moved to Hollywood  
But we ain't that desperate yet  
Oh no, ain't nothing like the real thing

The world can be so cruel  
Let me sing to you  
This cradle song all night long

The world can be so cruel  
But I will sing for you  
This cradle song all night long  
This cradle song  
This cradle song

Yeah, all night long  
Sing it all night long  
Yeah, all night long  
Sing it all night long  
Yeah yeah, all night long
