Pray you don't
Lose your place
Dead of night
Underway

All your days
Pass you by
Sun will rise
On your lonely, lonely, lonely, lonely, nights

Pray you sleep tonight, oh yeah
Pray just a little
When every little thing
Starts fallin' to pieces

Take my hand
Fall in place, soul inside
Oh, it shows in every line
That's on your face

Stay with me tonight, oh yeah
Stay I'm gonna need you when
Every little thing
Starts fallin' to pieces

Yeah, you been around town
Take it down now, seen around
Why is it the ones you love
That makes it all so hard, upon you

Oh, then you let it fall behind
And in the back of your mind
You feel my loving shine
You think you might be saved, oh yeah

Tell me that you want someone beside you
Tell me that you want to see this through
Tell me all the times that I've been loving you
Oh, you love me, love me too

Stay with me tonight, oh yeah
Stay I'm gonna need you when

Every little thing
Starts fallin' to pieces

Pray just a little
When every little thing
Starts fallin' to pieces

Every little thing
Starts fallin' to pieces

Every little thing
Starts fallin' to pieces

Every little thing
Starts fallin' to pieces
