chorus:

you're the best thing i know  
but i'm the best thing you know,  
so add a little me and i'll add a little you,  
let's try it baby, see what we do!  
baby let's go!  
let's go!  
let's go, let's go!  
let's go!  
let's go, let's go!

give me other, i wanna know,  
...to love another!  
so give me more, i feel it all,  
..back baby, i will know!  
oh!

chorus:

you're the best thing i know  
but i'm the best thing you know,  
so add a little me and i'll add a little you,  
let's try it baby, see what we do!  
baby let's go!  
let's go!  
let's go, let's go!  
let's go!

oh, she say it's feeling good,  
i say what's up, what's up?  
she ask what's up with me,  
i say what's up with us?  
i say it's really good,  
i say it's really good,  
i put my love down,  
they say it's really good!  
she say she's feeling good,  
i say i'm feeling better,  
i make her say my name,  
in capital letters!

i'm a nasty guy,  
don't ask me why,  
just ask me how,  
and i'll show you ..  
her head is gone,  
she's in the clouds,  
and she faints,  
man, she pores down!  
and i might be the fellow  
that got an umbrella, ..

chorus:  
you're the best thing i know  
but i'm the best thing you know,  
so add a little me and i'll add a little you,  
let's try it baby, see what we do!  
baby let's go!  
let's go!  
let's go, let's go!  
let's go!  
let's go, let's go!
