Careless since that day, I remember  
Pictures come from heart to mind  
Standing at your doorway searching all of my love  
No, I'll never treat you unkind

Standing on your balcony  
Speaking words of love  
Telling you can easily  
To push me [Incomprehensible]

But I can't let her go  
Can't let her go  
No, I can't let her go  
It's hard to let her go

There were lot of lights with the ceiling  
You got to know it very well  
Every single inch of this lonely room  
Has the same old story to tell

Welcome to paradise  
And nothing seems to fit  
Playing games and telling lies  
And so I just can't quit

No, I can't let her go  
Can't let her go  
No, I can't let her go  
It's hard to let her go

Now that I found you, I'll never be the same  
Now that it's over, now that it's over

Can't let her go  
Can't let her go  
No, I can't let her go

Can't let her go  
Can't let her go  
Hard to let her go  
Can't let her go  
Hard to let her go
