Baby I'm out of breath, we're talkin' our selves to death  
And nothing seem to change, maybe it's best if we  
parted  
It's like the blind leading the blind,  
we're even further behind than when we started

I'm tired of talkin', guess it's time to go  
Baby I'm so confused and feeling a little bruised  
When all we do is fight, we can't help but feel down  
hearted  
It's like the blind leading the blind  
Even further behind then when we started

I'm tired of talkin', guess it's time to go  
Baby I'm out of breath, we're talkin' ourselves to death  
And nothing seem to change, maybe it's best if we  
parted  
It's like the blind leading the blind  
Even further behind then when we started  
I'm tired of talkin', guess it's time to go
