One eye on the shadows protecting his fellows
From sun up to the moon on his back
Sent the villains to Hades
A hit with the ladies
A stallion in the sack
You can't get your life back
When right follows left Jack
The more you see the less you know
When others would leak it
His service is secret
Plays God when it's your time to go

Queen and country safe and sound
With villains six feet underground
And no one knows cause no one's found
Any trace of a man for all seasons
Loves them and leaves them alone, so alone
And you and I wouldn't have a clue
Who's doing what, why, when and who,
Up the creek with no canoe,
Watch out for the man for all seasons
Loves them and leaves them alone, so alone
But safe at home

From the House of Lords
Saving Norfolk Broads
Commoners and landed gentry
His word his bond
Whether brunette or blonde
Baby it's so elementary
For the man never messed up your life with one stare
See the film you'll know how it goes
But this ain't no fiction
Just check the diction quid pro quo a pros pro
Fellas
Don't be jealous
When they made him they broke the mould
So charismatic,
Willing, automatic
Never prematurely shooting his load

Queen and country safe and sound
With villians six feet underground
And no one knows cause no one?s found
Any trace of a man for all seasons
Loves them and leaves them alone, so alone
And you and I wouldn?t have a clue
Who's doing what, why, when and who,
Up the creek with no canoe,
Watch out for the man for all seasons
Loves them and leaves them alone, so alone
But safe at home
