Maybe you know, you should cause it shows
Caught me looking at your legs, see through your
clothes
I hold you goodbye just a little too long
We don't act like it's wrong

See where you've been, you looked to the side
Not in the eyes, no not in his eyes anymore
His eyes

I know the secret skinned you alive
But the heart has chosen

All that I want
Is to pick you up and out of that dress
Carry it to the depths
And feel the sin of your flesh
It's all that I want

Arching your back with that look on your face
All that I need's an hour of space
When did it change?
I guess when we started sweeping under carpets

I'll talk you to sleep
And no one will know
He hasn't a heart so he can't change your soul
anymore
Your soul

I know the secret skinned you alive
But the heart has chosen

All that I want
Is to pick you up and out of that dress
Carry it to the depths
Feel the sin of your flesh

Now I confess
Do you think of me less?
Get it off your chest
But if you wear that dress

You are the one

And I wanna tear your clothes off baby
But you'd be homeless in your heart

All that I want
Is to pick you up and out of that dress
Carry it to the depths
Feel the sin of your flesh

Now I confess
Do you think of me less?
Get it off your chest
But if you wear that dress
You are the one
