Dear Eva Friedel
Got a brand new needle for you
You said weed was evil
So we smoked it in the lobby in the hotel foyer
It wasn't even noon yet
We didn't want to peak too soon yet
But when the sun goes down through the after glow
The night is yours, but your mother should never know

Auf Wiedersehen Berliner Star
You rock like a bastard, plastered
You should have seen her
Everything we did was wunderbar
Till God came between us and you fell for Jesus

Eva tore my heart out
I got wasted in action
But you know that I am a sucker for
Instant satisfaction
There's nothing more obscene now than seeing
where I've been
But you learn you know, to see the after glow
You've got to burn to grow, but your
Mother should never know

Auf Wiedersehen Berliner Star
You rock like a bastard, plastered
You should have seen her
Everything we did was wunderbar
Till God came between us and you fell for Jesus

You were everything, everything,
Everything to me
You were everything, everything,
Everything to me
You were everything, everything,
Everything to me
You were everything, everything,
Everything to me

Auf Wiedersehen Berliner Star
You rock like a baster, plastered

You should have seen her
Everything we did was wunderbar
Â'Till God came between us and you fell for Jesus
Everything, everything, everything to me you were
everything,
Everything,
Everything to me
Everything we did was wunderbar
Â'Till God came between us and you fell for Jesus
You were everything, thing, thing,
Everything to me
I still love you, I do
Everything, everything, everything now
