If I don't kick your back door in,
Then no one will, your buzz is shit
Without some weight and a wonky gate
I'll bring my mates and we'll bounce it on the water

Try to decide for my accent is from over Scotia,
I don't think you know it
Now I can't sing, but I could lift heavy things
And when I get nervous I get loaded

No one shows that no one knows I'm right
(Being the alien act, catching the bills or not)
You could be a stranger over night
(Provocative and revile, let's break America)

(Ha ha, we'll break it
Ha ha, we'll break it
Ha ha, we'll break it
Let's break America)
[2x]

All your kids are fat
They sit where they sat
So big you could bounce 'em on the water
My UK's in entropy
And its Dollars fu.ck
Let's bounce sh.it on the water

Try to decide for my accent is from over Scotia,
I don't think you know it
Now I can't sing, but I deserve everything
And when I get nervous I throw sh.it

No one shows that no one knows I'm right
(Being the alien, actual belzebub)
You could be a stranger over night
(Provocative and revile, let's break America)

(Ha ha, we'll break it
Ha ha, we'll break it
Ha ha, we'll break it
Let's break America)

[2x]

We're gonna know it now
We're getting on a plane
We gonna do a radio show and they will play this
record
We're gonna know it now
We're getting on a plane
We gonna do a radio show and break me with this
record
We're gonna know it now
We're getting on a plane
We gonna do a radio show and they will play this
record
We're gonna know it now
We're getting on a plane
We gonna do a radio show and break me with this
record

No one shows that no one knows I'm right
(Being the alien, actual belzebub)
You could be a stranger over night
(Provocative and revile, let's break America)
