Can you hear me?

In your face  
There's nowt left  
They have defaced  
The marks you left upon the wall

The writing's not on there at all  
Can you stand what you stood for  
Are you more normal than before?

Goodbye to the normals  
Goodbye to the normals

In your place  
There's just chaps  
The kids aren't alright  
They know they're born today

Reaching out to feel the sun  
At the time it seemed like fun  
I was there when you got done

Lived for two weeks by the surf  
We used to know what we were worth  
Before the normals fell to earth

Goodbye to the normals  
Goodbye to the normals

Whatever happened to  
The mean mortals crew  
The fine young casuals  
Blew a fuse

And all the Burslem lads  
Now that they're all dads  
They meant so much to me  
It makes me sad

In your wake  
There's nowt left
