Dig your polished nails into the dirt  
Rip your skirts off, wipe the hurt off  
You know it tears my heart out when you  
Flirt with danger and any stranger

You're not as stupid as I look  
Before I could read, you wrote the book

Cursed, since your birth, dear  
And you worst fears have all come true

Found my head when I got my first tattoo  
Thought I was naked when I penetrated  
Told everyone I'd slept with you  
Thought you liked it or you would've denied it

Saint Peter's gonna be unfaithful  
Tell God, He's got a dirty angel

Cursed, since your birth, dear  
And you worst fears have all come true

Babe, you're not the first  
You are cursed, dear  
'Cause I'm still here  
And I'm cursed too, cursed like you

Hush, baby sleep now  
We all love you, we always did

Cursed since your birth, dear  
And you worst fears have all come true

Babe, you're not the first  
You are cursed, dear  
'Cause I'm still here  
And I'm cursed too, cursed like you

Hush, baby sleep now  
We all miss you, we always will
