Liberate a whale
Liberate Wales
Liberate abortion
Liberate males
I don't mind

Ban the bomb
Bang a gong
Ban fake fur
Put a real one on
I don't mind

Oh, my head
I'm moving to the Med
Those cats know how to boogie
This E's done nothing to me

Her retort
Was just a passing thought
Put the munchies down now, Scooby
I'm leaving in an hour
You better do me now

Prosecute Gandhi
Persecute God
Elevate Bono
Eliminate Rod
I don't care

World War 4
The Beatles tourin'
Chernobyl fallout
Global warming
I don't care

Oh, my head
I'm moving to the Med
Those cats know how to boogie
This pill's done nothing to me

Her retort
Was just a passing fart

Put the munchies down now, Scooby
I gotta catch a plane
You'd better do me now

In for me, in for me
You've all got it in for me
In for me, in for me
Don't tell me a story, kid
You just ignore me

Oh, my head
I'm moving to the Med
Those cats know how to boogie
This speed's done nothing to me

Her retort
Was just a fleeting thought
Put the munchies down now, Scooby
Going in an hour
You better do me

Oh, my head
I'm gonna stay in bed
This cat don't wanna boogie
The pills just pass right through me

Her retort
Was just a fleeting thought
Put the Scooby snacks down, Dooby
I'm getting on a plane
You better do me now
Now
