Baby when you coming down
I can get to slum around you
If I got my talking right
Maybe I'll be someone who'll do

When I met you should have told me
You were somebody else
But you didn't make a sound
If you look so good
Why don't you sleep with yourself?
And entertain yourself

Don't like, don't like
Sunlight, sunlight sunlight
Too bright, too bright
Not nice,
But I like how you taking it in

If they could come for me right now
I won't go
And if there's such a chance
They come for you
Then I'll know
I'll get you

Nothing super serious
Super sweet mysterious you
I could over analyze
Everything that you do
Would you know it was love
If we made it
Or a fantasy of mine
All the cemeteries there for the taking
Maybe I can move aside

Don't like, don't like
Sunlight, sunlight sunlight
Too bright, too bright
Not nice,
But I like how you taking it in

And if they could come for me right now
I won't go
And if there's such a chance
They come for you
Then I'll know

Don't like, don't like
Sunlight, sunlight sunlight
Too bright, too bright
Not nice,
But I like now you taking it in

Don't like, don't like
Sunlight, sunlight sunlight
Too bright, too bright
Not nice,
But I like how you taking it in

And if they could come for me right now
I won't go
And if there's such a chance
They come for you
Then I'll know

And if they could come for me right now
I won't go
And if there's such a chance
They come for you
Then I'll know

I'll get you
